## Sustainability Science

### Key Issues

Edited by **Ariane König**, Université du Luxembourg, Luxembourg and **Jerome Ravetz**, Oxford University, UK

*Series: Key Issues in Environment and Sustainability*

Sustainability Science: Key issues is a comprehensive textbook for undergraduates and postgraduates from any disciplinary background studying the theory and practice of sustainability science. Each chapter takes a critical and reflective stance on a key issue of sustainability from contributors with diverse disciplinary perspectives such as economics, physics, agronomy and ecology.

This is the ideal book for students and researchers engaged in problem and project based learning in sustainability science.
